PROFILE

Currently I'm enrolled as a student, at Lucian Blaga University of Sibiu pursuing a degree in Computer Science.
As an aspiring Front-End developer I have a grasp of HTML, CSS and JavaScript.
Additionally I am proficient in Front-End frameworks and libraries like React, Redux and Tailwind CSS.
I'm eager to contribute my expertise to an innovative team that shares the goal of crafting exceptional web experiences.

WORK EXPERIENCE

FRONT-END DEVELOPER
Freelance
September 2022 - Present

- Developed user-friendly web interfaces using HTML, CSS, Bootstrap, and JavaScript, deployed across platforms.
- Identified and debugged issues in the front-end code using debugging tools such as Chrome DevTools and optimized code to improve website performance
- Created cross-browser compatible websites, ensuring optimal functionality and consistent user experience across various web browsers and versions.
- Participated in client meetings and discussions to gather project requirements, provide technical insights, and offer solutions that aligned with the client's vision and business goals.
- Participated in continuous learning and skill development through online courses, coding communities, and workshops, staying ahead in the fast-evolving field of front-end development.
